

# Assessor Disclosure

The Virginia Law Enforcement Professional Standards Commission expects its assessors to act in a fair and impartial manner and there will be no favor extended to an agency for financial or personal reasons. Please disclose any agencies with which you have previously or currently have a professional or fiduciary relationship. This includes previous law enforcement employers that are currently VLEPSC accredited or seeking VLEPSC accreditation.

Guidance: This form needs to be completed when you become an assessor, when you move to another agency or when you assist (you have been paid for your services or have a close relationship with agency or employee(s) of the agency) another agency.

I have no previous or current professional or fiduciary relationships with any other agencies that are VLEPSC accredited or seeking VLEPSC accreditation.

I have completely disclosed those entities with which I have a previous or continuing relationship and I am therefore unable to serve as a commission assessor for these entities. If I am uncertain about a potential conflict of interest, I will contact Program Staff for counsel.
